Dear Parent/Carer,

RE: Health and Safety – Action to Limit the Spread of Germs

Please be assured that the health of our school community is of the highest priority and that we continue to follow advice from Public Health England in order to restrict the spread of germs. This includes concerns over the possible spread of Coronavirus. This means that we encourage our children and staff to:

- Regularly wash their hands with soap and water and especially before meal times and after using the toilet
- Use tissues to catch coughs or sneezes
- Bin the tissues after use and wash hands accordingly

In addition, the school continues to ensure that all floors, surfaces and door handles are cleaned regularly and disinfected where necessary.

Please be aware that a copy of an NHS/Government public information poster has been made available on the school's website along with links to further information. This can be found under the 'Parents' tab and then 'Newletters and Letters'.

Finally, we would like to take this opportunity to respectfully remind parents/carers to follow the guidance for keeping children off school for 48 hours after any episode of diarrhoea or vomiting.

Thank you for your continued support and understanding.

Yours sincerely,

A. Coleman

A.Coleman (Head of School)

G.R. Murrell

GR Murrell (Executive Headteacher)
